MASS. GOVERNOR IS GIVEN ABSOLUTE CONTROL OF FOODS

Empowered by Legislature to Fix Maximum and Minimum Prices

"FOOD FLOTILLA" TO BE MADE OF STEEL

General Goethals Announces That Wooden Vessels Are 'Simply Hopeless'

(International News Service.)

Boston, May 26.—Armed with powers absolutely dictatorial in their scope, Governor McCall today is authorized to seize foodstuffs for the people of Massachusetts and to fix a maximum and minimum price under the commonwealth defense act, passed by the legislature just before it prorogued.

SPIES TIPPED OFF FLEET MOVEMENT

FIRING SQUAD MUST ACT IF AMERICAN LIVES TO BE PROTECTED.

(International News Service.)

Washington, May 26.—Unless the United States is ready to adopt the extreme penalty in dealing with spies, the lives of thousands in the army and navy will be endangered.

That is the open declaration today of army and navy officials. They say that apparently the higher officials of the government do not realize the ramifications of the German spy system in this country, and it will continue and become worse, they say, until a number of men and possibly women, face a firing squad.

The revelation that Germany knew that Admiral Sims's squadron was en route across the ocean and that mines were strewn at the mouth of the port to which they sailed, was no surprise to army and navy chiefs here. A searching investigation to locate the manner in which the news was sent has been instituted. There is little hope that the spies will be caught.

Postoffices Boost Liberty Loan Bonds

The postoffices of Albany and Decatur began several days ago to stamp all letters coming into the offices with advertisements of the Liberty bonds.

The stamp which goes on the face of all letters reads: "Do your bit! Buy a Liberty loan bond. Inquire at any bank or postoffice."

Several local banks are also advertising and pushing the sale of the Liberty loan bonds and it is expected that the Twin Cities will do their bit in this way.

Twin Cities Urged To Raise Chickens And Help Win War

If each family in the Twin Cities will raise just 25 chickens each year the food problem can be solved.

That's the verdict of one of the best informed wholesale men in North Alabama and he's got the dope all figured out on this chicken business.

Going on the advice of the United States department of agriculture that the meat supply of the county can be increased more quickly and more economically by the raising of poultry than in any other way, Mr. Wholesaler figures like this:

Population of Albany and Decatur, 16,000.

WOODEN SHIPS HOPELESS FOR FOOD FLOTILLA.

(International News Service.)

Washington, May 26.—The emergency fleet corporation program to build a "food fleet" of 1,000 to 3,000-ton wood ships in eighteen months was definitely abandoned today.

Forced originally to wood because of the scarcity of steel, the fleet corporation right about faced today. After conferences with big steel manufacturers, it was announced that the majority of the vessels for "food flotilla" would be constructed of steel.

Major General Goethals in a statement before the Iron and Steel institute declared that the wooden ship program was "simply hopeless."

FOOD BILL NOW UP BEFORE BOTH HOUSES.

(International News Service.)

Washington, May 26.—The attention of both houses of congress were concentrated today on the Gore-Lever food production bill, the first of the administration measures designed to solve the food problem.

Prospects for a vote were uncertain but there were indications that it might be disposed of next week.

JAPAN'S HOARDING OF GOLD WATCHED

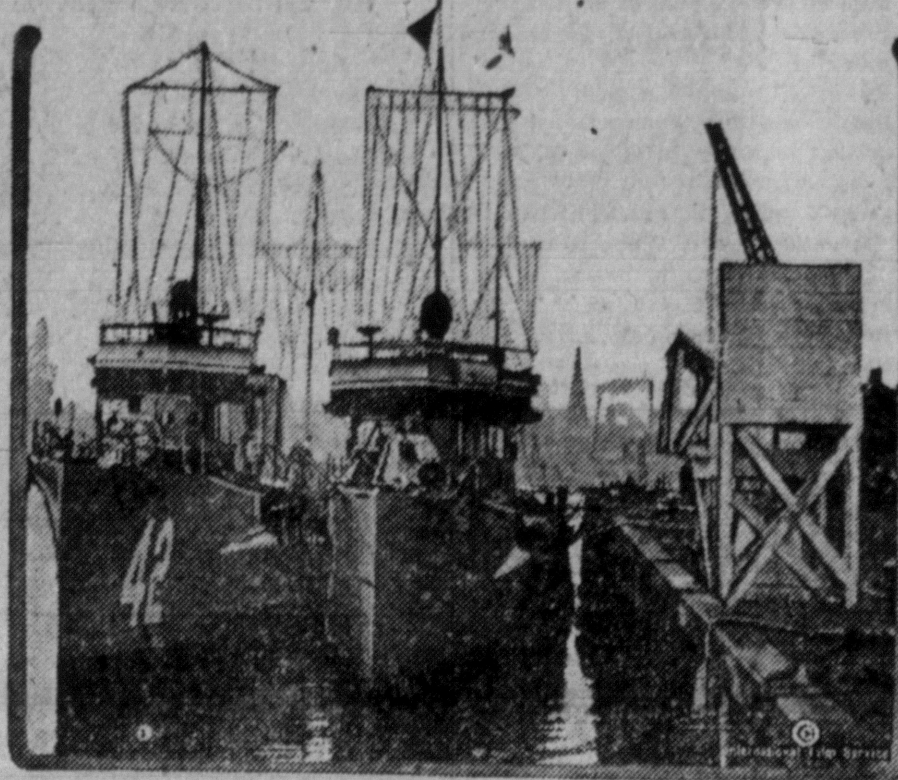

(International News Service.)

Washington, May 26.—The action of Japan in withdrawing large stocks of gold from the United States is recognized by officials here as being a probable indication of that nation's accelerated pursuit of her foreign trade ambition.

Trade experts of the government for several years have been closely watching the tendency of Japan to expand her foreign trade in an effort to outdo the United States and Great Britain.

The department of commerce and the state department have on file comprehensive reports showing that the Japanese government is actively encouraging her business and shipping interests to extend Japanese trade influence over all territory washed by the Pacific ocean.

ITALIANS DRIVE ON; RESISTANCE IS FIERCE

(International News Service.)

Rome, May 26.—Austria is hurling all her reserves against the Italians in a vain effort to stem General Cadorna's new and powerful drive towards Trieste.

Advices from Udine today said that among the 10,245 Austrian prisoners captured by the Italians in the last few days, some had been drawn from the eastern front and the others from Roumania and Albania to reinforce the troops in the Italian war theatre.

Furious fighting is still in progress along the Isonzo river. The Italians are cutting their way forward yard by yard, overcoming numerous counter attacks launched against them.

SLIGHT PROGRESS MADE ON THE FRENCH FRONT.

(International News Service.)

Paris, May 26.—The Champagne district was the chief center of fighting on the French front last night. The war office announced that the French made fresh progress in that district.

AUSTRIANS CHECK ITALIAN DRIVE; 5,000 PRISONERS.

(International News Service.)

Vienna, May 26.—The Italian offensive along the Isonzo river has been checked for the time being, according to claims made by the Austrian war office today.

Violent counter attacks were directed against the Austrian positions between Tolmino and the Adriatic Sea all day Thursday and Friday, but at no point were the Italians able to break through, says a dispatch from the front. The Austrians captured about 5,000 prisoners.

KANSAS IS SWEEPED BY TORNADO AND SCORE ARE KILLED

(International News Service.)

Hutchinson, Kan., May 26.—A disastrous tornado which struck this place and vicinity caused the death of over a score of persons and a property loss of \$1,000,000.

Anvale, a village in the south part of the state, was hardest hit by the twister, which was accompanied by rain and sleet. Eighteen lives were lost in the village and all the houses torn from their foundations.

Sweeping through Newton, the twister veered off and struck Sedgewick, taking away only a few houses on the edge of town. The reports that several lives were lost in Howard could not be confirmed.

A special train carrying doctors and nurses was dispatched from here shortly before daylight.

7:30 p. m.—Vesper service.
8 p. m.—Pageant—"America, Yesterday and Today"

The Twin Cities are to have a free treat Sunday. It will be on the management of the Lincoln Chautauqua, which in deference to the attitude taken by the pastors' union of opposing pay entertainments on the Lord's day, as outlined recently in a communication to the Daily from Dr. Livingston T. Mays, pastor of the Central Baptist church, has concluded to make no charge for Sunday's program, omitting the morning feature, and conducting Vesper services at 7:30 o'clock in the evening. The musical program will take the nature of a sacred concert.

Mr. Colby, district manager of the Lincoln Chautauqua, is now here in charge of operations, and plans are on foot to bring the Lincoln entertainers back here next year. Although the oldest Chautauqua on the road, the Lincoln has never appeared in the South before. Its program has been highly satisfactory, and return engagements have been booked in all of the cities visited.

Monday's program will include a patriotic lecture entitled, "The Devil and the Kaiser," and Monday night Miss De Groff will present a magnificent pageant, "America Forever," for which she has drilled a large number of local children, having given more than a week to this work.

The recruiting officers of the United States army have formally accepted the Chautauqua tent in behalf of the government on Monday and will use it as a recruiting office. A grand opera Monday night will close the engagement here.

A strong plea for community building was made last night by Dr. Robt. Shepherd, who also read President Wilson's selective draft proclamation and commented on it in a highly patriotic manner. He was loudly cheered when he declared that Hillary A. Herbert, of Alabama, as secretary of the navy, was entitled to the starting of the United States navy on the upgrade. President Wilson was characterized by the speaker as "the great leader of the whole world's humanity."

Submarine and Sailing Vessel Fight a Duel

(International News Service.)

An American Port, May 26.—A combat lasting an hour between a German submarine and a vessel sailing from a European port, was reported by passengers arriving here today. The attack occurred at 6 o'clock on the morning of May 3.

The submarine first fired a torpedo which missed the stern of the vessel by less than 30 feet. The vessel quickly trained its guns on the submarine, 12 shots being fired, but none hit the mark.

WOMEN AND BABES MURDERED BY TEUTON RAID OVER ENGLAND

76 Persons Killed, 27 of Them Being Women and 23 Children, in History Making Air Attack Over Southeastern Coast

INCREDIBLE HORRORS ANGER BRITISH

Attacking Air Fleet Numbering 16 Is Engaged By British and French Aviators, Three Enemy Ships Being Brought Down

(International News Service.)

London, May 26.—Germany has struck another blow in an effort to terrorize England.

Sixteen air craft, the greatest number ever to take part in a single raid against England, attacked the southeastern part of the country on Friday, killing 76 persons and wounding 174. News of the raid was officially announced by the government today.

Violent fire was directed against the raiders by high angle guns, while British airmen soared aloft to give battle. Three of the raiding aeroplanes were shot down. England has been plunged into a storm of indignation by the number of women and children killed and wounded. Of those killed, 27 were women and 23 children. Forty-three women and 19 children were wounded.

This latest aerial drive was carried out in daylight Friday afternoon between the hours of 5:15 and 6:30 o'clock. Many bombs were dropped at numerous points. Most of the damage was done in one town.

The raid was marked by spectacular battles between British and German airmen. One British machine engaged three German aeroplanes, destroying one of them. All the way across the North Sea on their return the airmen were followed and harassed by the British. All the British aeroplanes returned safely.

Word of the presence of raiders above the southeast coast of England was flashed to Dunkirk, France, and British airmen operating from that base went forth in an effort to overtake and attack them.

In connection with the German raid the admiralty announced that British aviators had bombarded the German airbase at Benis Doel in the North Sea.

(Note: This late air raid over England was the second in three days. Use of the word "aircraft" in the official communication indicated that Zeppelins had taken part as well as aeroplanes.)

Robert McCrary of Cincinnati, First to Register in Albany

The first Albany citizen to register was Robert McCrary, an engineer working in Cincinnati, and claiming this city as his home. The card was made out before officials in Cincinnati and sent here to show that the young man had registered.

Mr. McCrary gives his age as 22 years and his occupation as an engineer. He claims exemption because he has a wife and child dependent on him.

Every One Within Age Limit Must Register, Says Bell

The following letter, written by United States Attorney Robert N. Bell, has been sent to the Albany-Decatur Daily by United States Marshal H. A. Skeggs of Decatur:

"To the Albany-Decatur Daily:

"Please let it be known through your columns that the registration of persons required to be made by the government on June 5, 1917, covers all male persons between the ages of 21 and 31, no matter whether they are voters or not, and registration must be made regardless of the employment, color, or physical condition of the person. The purpose of the registration is to ascertain the facts and

RUSSIAN CRISIS ON HAND AGAIN

GLOOMY REPORTS ONCE MORE COME OUT OF UNCERTAIN PETROGRAD.

(International News Service.)

London, May 26.—Every indication today pointed to the fact that the hour is at hand when the fate of Russia will be known.

There has been much activity among Russian officials lately, while M. Karinsky, the war minister, is on his way to the front.

These activities are being counterbalanced by the activities of the council of Soldiers' and Workmen's delegates.

General Alexieff, the Russian commander-in-chief, has been rebuked by the leaders of the organization and ordered to "do less talking."

General Alexieff's foes among the council are threatening him with a reduction of rank.

These reports, coupled with the information that anarchy prevails in some parts of Russia, have led to a gloomy view of the Russian situation.

(International News Service.)

Kansas City, May 26.—"The ocean no longer protects the United States," said Secretary of the Treasury McAdoo in an address here urging the purchase of Liberty bonds. "Submarines have crossed the Atlantic many times and no mention was made of them in news dispatches."

THE SENATE SHOULD MODIFY THE REVENUE BILL.

There is every reason to believe that the senate of the United States will considerably modify the revenue bill calculated to raise some two billion dollars for defraying the actual expenses of the first year of the war, a measure which has already passed the house. Opponents of the revenue measure declare that it attempts to "raise too much money" this year, and the argument is one that sounds good to the average American citizen already burdened with the high cost of existence, and already, perhaps, a subscriber to the Liberty Loan.

The Daily is not an advocate of shunting all responsibilities to posterity, but at the same time it is not unmindful of the fact that the present generation is fighting the war and in doing so is shouldering quite a big bit of its "bit." A war that "pays as it goes" would be something entirely new under the sun, and apparently there is no pressing necessity for this unusual sacrifice. After the war is over, the United States, facing an area of great prosperity, will be much better able to take care of war taxes than now. Especially will this be true for the very good reason that living conditions will again be normal.

Take the newspaper industry as an illustration. Would it not be much easier for the newspapers to give up a percentage of their advertising receipts when the paper trust has been blighted by the let-up in the demand for news print because of lessened newspaper circulation? As the situation stands, the news print trust alone is exacting from the publishers of the nation a sum more than equivalent to the 5 per cent in advertising receipts to be taken as war taxes. They do this because an increased circulation, due to the public lust for war news, has enabled them to tighten their tentacles about the necks of the helpless.

The same argument applies in every line of business. The householder is paying more just now in added costs to the necessities of life than he would be required to pay if the war tax should be doubled in normal times.

Just as a mere matter of finance, the collection of excessive revenues should be postponed until the extraordinary demands of the present are cared for. Let the nation husband its resources now.

The Liberty Loan is being boosted in 33 languages. But most of the purchasers speak English, we wager.

REGISTER ON JUNE 5.

There is no excuse for any one misunderstanding the law governing the registering on June 5 under the selective conscription act. The Daily has already from time to time impressed on its readers the particulars of the registration so that there may follow no prosecutions for violation of the law.

All must register if they are between the ages of 21 and 31. All men must register who are 21 years of age; whose 21st birthday comes before June 5th, or whose 31st birthday comes after June 5 or who become 31 years of age on June 5.

Only these are not required to register: Men in the regular army or navy of the United States, the marine corps, the officers reserve corps, members of the national guard and naval militia, provided they are in actual service on June 5.

Except these men all between the ages of 21 and 31, whether married, having dependents or physically disabled, must register.

The penalty for failure to register is a year's imprisonment and compulsory registration. The penalty for making false statements in registering is one year.

FISH AS FOOD.

One of the best foods one can possibly eat is fish. It has always been a source of wonder that the Tennessee river is not utilized more by the citizens of the Twin Cities. Fishermen living on the river who bring their products to the local market are partly responsible for this, however, as their haphazard method of marketing causes an overproduction on Saturday and a shortage of fish on every other day of the week. Last Saturday on Bank street there were probably one hundred rivermen on the corners with fish for sale. The street was dotted with their piles of fish. Yet on the ordinary week day there is hardly a single fisherman to be seen.

Fish at 15 cents per pound is one of the cheapest foods in the world. It is healthful and may be eaten by persons who cannot eat meat. It is just as nutritious as beef and very much cheaper. Citizens of Albany and Decatur will find it to their interest to eat more river fish, especially during these war times when the great beef supply of the west is needed for the armies and the price of all kinds of meat is soaring.

Voice of the People

SCHOOLS OF LIMESTONE COUNTY.

Editor Albany-Decatur Daily:

As a result of the 3-mill school tax election, held on May 15, the public schools of the county will be for nine months, absolutely free, no fees to be collected for any purpose.

The three counties lying wholly on the north side of the Tennessee river are throwing bouquets at themselves for these counties have recently held a kind of Civic Children's Day service, in which the children were magnified and honored and their education assured.

On April 23 Madison led off with a large majority, followed by Lauderdale on May 7th, with a creditable majority, and then came Limestone on the 15th with a majority of 218, out of a vote of 1213, for the school tax. The eleven strictly rural beats in Limestone gave a majority of 13. The result of the election in Limestone was specially gratifying, because on two former occasions she refused to levy a 1-mill school tax, but now we feel that we are a regular Woodrow Wilson progressive, since Limestone led all the other counties in Alabama in the number of school houses built and repaired during the last four years, and now she is the only county in this section of the state whose board of education guarantees a nine months school term. When we have vacancies in our schools we will be glad to welcome good, progressive teachers from other counties, who want to improve their environments.

And now, Mr. Editor, when weary of the Tripod, and when you want to rest the eye and tune the heart to singing, just look northward, and behold Madison-Lauderdale-Limestone, the mothers of governors, statesmen and judges, as they rest contentedly

STATE PRESS VIEWS

LANDS ON MORGAN.

We sympathize with the Albany-Decatur Daily in its loss of the school tax election in Morgan. Naturally the Daily is inclined to "blow off," but it might be well to make an escape valve of the Memphis horror, the two incidents are so near a kin—Huntsville Mercury.

BEN BLOODWORTH MAKING A RECORD.

Ben Bloodworth, former associate editor of the Albany-Decatur Daily and who was the first North Alabama newspaper man to enlist for the war, has already made good in the navy in which he chose to stage his fighting career. He enlisted as yeoman only a few weeks ago and has already finished the preliminary training and become a petty officer. Before being assigned to duty aboard ship he will be given a furlough and then Mr. Bloodworth expects to visit relatives in Albany and Huntsville for a few days.—Huntsville Mercury.

BLOODWORTH IS WELCOMED.

Benjamin Bloodworth, former state news editor of the Birmingham News, who is now in the yeoman service of the United States navy, passed through Birmingham Wednesday night en route to Albany, where he will spend his ten days' furlough. He has just completed his course of instruction at Newport, R. I., and at the expiration of his furlough will report for duty at Norfolk, Va. He expects immediate assignment to some ship in the Atlantic fleet.

Upon arrival in Birmingham, Bloodworth was met by several of his former associates, and escorted around the city. A section of the Birmingham News made quartette sought to express their pleasure in patriotic harmony, while a committee who refused to take a chance on participation in the music entertained the naval recruit.—Birmingham News.

PROF. COLLINS COMES HERE.

Prof. J. F. Collins has been elected superintendent of the city schools at Decatur. During his six years at the head of the Tusculum schools Mr. Collins has made many friends and some enemies. We believe him to be a man of education and one who can instruct properly. We wish him success in his new home—Colbert County Reporter.

MORGAN DEFEATS SCHOOL TAX.

Some time ago the Albany-Decatur Daily took the citizens of Gadsden to task for not turning out in force and overriding the majority in the county beats against tick eradication. It intimated that this was the Morgan county way. The Journal did not agree that this course should be followed.

Morgan county voted on the three-mill school tax Tuesday and defeated it. The vote in the cities was light, it is stated. We regret that Morgan county voters did this, but if the majority of them do not want the three-mill tax, as they have indicated, then it should not be imposed.—Gadsden Journal.

STILL HAS HOPES.

Just how Morgan county slipped a cog and failed by 86 votes to adopt the 3-mill special school tax the other day is a mystery to us. We have great faith in the people of Morgan county and the next time she makes the effort we are satisfied she will redeem herself. With the large and appreciated subscription list of the Daily Times in that county and with the lead of the able Albany-Decatur Daily in that unit of the Tennessee Valley we have every reason to believe that Morgan county will yet adopt the school tax and that at no far distant day.—Huntsville Times.

In the beautiful Tennessee Valley, with Tennessee in the background, and with their southern borders bathed by the waters of the majestic Tennessee, beautiful for situation, they are destined to be the pride and joy of the entire state.

THE NEWEST REMEDY

FOR
Backache, Rheumatism and Dropsy.

Kidney, Bladder and Uric Acid troubles bring misery to many. When the kidneys are weak or diseased, these natural filters do not cleanse the blood sufficiently, and the poisons are carried to all parts of the body. There follow depression, aches and pains, heaviness, drowsiness, irritability, headaches, chilliness and rheumatism. In some people there are sharp pains in the back and loins, distressing bladder disorders and sometimes obstinate dropsy. The uric acid sometimes forms into gravel or kidney stones. When the uric acid affects the muscles and joints, it causes lumbago, rheumatism, gout or sciatica. This is the time to try "Anuric."

During digestion uric acid is absorbed into the system from meat eaten, and even from some vegetables. The poor kidneys get tired and backache begins. This is a good time to take "Anuric," the new discovery of Dr. Pierce for Kidney trouble and Backache. Neglected kidney trouble is responsible for many deaths, and Insurance Company examining doctors always test the water of an applicant before a policy will be issued. Have you ever set aside a bottle of water for twenty-four hours? A heavy sediment or settling sometimes indicates kidney trouble. The true nature and character of diseases, especially those of the kidneys and urinary organs, can often be determined by a careful chemical analysis and microscopic examination—this is done by expert chemists of the Medical Staff of the Invalids' Hotel. If you wish to know your condition send a sample of your water to Doctor Pierce's Invalids' Hotel, Buffalo, N. Y., and describe your symptoms. It will be examined without any expense to you, and Doctor Pierce or his Staff of Assisting Physicians will inform you truthfully.

KNOW THYSELF!
Read all about yourself, your system, physiology, anatomy, hygiene, simple home cures, etc., in the "Common Sense Medical Adviser," a book of 1000 pages. Send to Dr. V. M. Pierce, Buffalo, N. Y., three dimes or thirty cents in one-cent stamps for a cloth-bound copy.

GLAD TO TESTIFY
Says Watoga Lady, "As To What Cardui Has Done For Me, So As To Help Others."

Watoga, W. Va.—Mrs. S. W. Gladwell, of this town, says: "When about 15 years of age, I suffered greatly. . . Sometimes would go a month or two, and I had terrible headache, backache, and bearing-down pains, and would just drag and had no appetite. Then . . . it would last . . . two weeks, and was so weakening, and my health was awful.

My mother bought me a bottle of Cardui, and I began to improve after taking the first bottle, so kept it up till I took three. . . I gained, and was well and strong, and I owe it all to Cardui.

I am married now and have 3 children. . . Have never had to have a doctor for female trouble, and just resort to Cardui if I need a tonic. I am glad to testify to what it has done for me, so as to help others."

If you are nervous or weak, have headaches, backaches, or any of the other ailments so common to women, why not give Cardui a trial? Recommended by many physicians. In use over 40 years.

Begin taking Cardui today. It may be the very medicine you need.

COWEN-WOODRUFF.

Miss Maggie Woodruff and Mr. Virgil Cowen were united in marriage yesterday afternoon at the residence of Rev. J. I. Stockton, who performed the ceremony, in the presence of a few friends and relatives. The bride is beloved by all and a most active church worker. The groom is a valued employee of the mechanical department of the L. & N. shops and a man highly esteemed.

Mrs. J. P. Whitman and little daughter, Francis, left today for Boaz to visit her parents, Mr. and Mrs. W. B. Shadrick.

Mrs. W. E. Steed, who will be so pleasantly remembered as Miss Annie Davis, of Albany, Ala., has been the attractive guest of Mrs. Joe Sarver during commencement week. She formerly attended Athens College—Limestone Democrat.

Mr. and Mrs. William E. Crawford left today for Huntsville to spend the week-end with Mr. and Mrs. T. W. Pratt.

Miss Eva Tate, of Shelbyville, Tenn., is the guest of Miss Mabel Hartung.

CANNING VEGETABLES AT HOME.

(Continued from Yesterday.)

STRING BEANS.

Select young and tender beans, string them, and break them into short lengths. Pack firmly in the jar, cover with cold water, and add a teaspoon of salt to each quart. Put on the rubber and top and boil for one hour on each of three successive days, as directed under "Corn." A small pod of red pepper placed in the bottom of the jar will give a delightful flavor to this vegetable.

BIRTHDAY PARTY.

In honor of her twelfth anniversary Frances Jenette entertained a number of her little friends and a right royal time had, games and refreshments being enjoyed. The young folks were served by a sister of the honoree, Mrs. Ben Mann.

MISSIONARY SOCIETY POSTPONED.

The Missionary Society of the Central M. E. church has postponed the meeting of Monday, May 27, because of the Red Cross society and Chattanooga.

AUCTION BRIDGE.

Mrs. Arthur Jones was hostess on Friday afternoon to the Auction Bridge club. Mrs. W. E. Crawford made top score. The evening closed with delicious refreshments.

Miss Maud Rucker, the second grade teacher of the Gordon school, left this afternoon for Asheville, N. C., and points in the east, before returning to her home in Missouri.

Misses Lula and Novie Almon, of Lafayette, Ala., are the guests of Mr. and Mrs. D. C. Almon.

The honors of the exercises were divided between Miss Madge Bullard and Miss Lula Garnett. Miss Bullard held her audience spellbound with her excellence in reciting "Rags." Her voice and expression were wonderful and many of her hearers were seen to brush the tears from their eyes as she concluded.

Miss Lula Garnett, in that famous reading, "The Littlest Rebel," carried her hearers back to the stirring sixties when the South was struggling with the North. So wonderful was her work that there was not a person in the audience whose heart was not with the littlest rebel as she "lled for General Lee and daddy."

Roy Billings Here on Way to France

Joins Engineering Corps That Will
See First Service in Europe.

Roy Billings, popular local boy and former secretary of the Colonial club, is here for a brief visit to his parents, Mr. and Mrs. R. C. Billings, of Sherman street, en route to France, where he will see active service with the engineering corps, the first contingent of Americans to be sent to the battle front. Mr. Billings enlisted from Memphis, where he has resided for the past year, and will leave here Sunday night for St. Louis, where the engineers are being mobilized.

Allison McNeill, also a former resident of Albany, volunteered for the engineering corps but was rejected on account of lack of technical training.

UNCLE SAM AFTER GOOD MACHINISTS

W. G. GENTRY BUSY SENDING
MEN TO THE PHILADELPHIA
NAVY YARD.

Uncle Sam is drawing heavily upon the Twin Cities for mechanics. Already a number of men have enlisted from here for the government service, and other applications are on fire with W. G. Gentry, secretary of the Albany civil service board. The mechanics are being used at the navy yard at Philadelphia and elsewhere, and are given unusually attractive pay.

Among the men now wanted by the government are the following:

75 boiler-makers at \$3.28 to \$4.24 per day.
100 boiler-makers' helpers at \$2.00 to \$2.48 per day.
400 machinists at \$3.28 to \$4.32 per day.
300 machinists' helpers at \$2.00 to \$2.48 per day.
200 electrical machinists at \$3.28 to \$4.32 per day.
Further information can be obtained from Mr. Gentry, at the Albany postoffice.

COMMITTEE LANDS ON THE AUTO TAX

(International News Service.)
Washington, May 26.—The senate finance committee today voted to strike the 5 per cent automobile tax and the Lenroot income surtax amendment from the \$1,800,000,000 war revenue bill.

The committee will recommend substitution of a license fee for the auto tax.

PERSHING TO TOUR FIGHTING FRONT

(International News Service.)
Washington, May 26.—A tour from end to end of the French fighting front is scheduled as the first activity of General Pershing and the members of his staff upon their arrival in France.

Most of the time of the American officers, pending the arrival of their troops, will be taken up with tours of inspection.

Thirty-one members of the Second regiment of cavalry now stationed at Ft. Myers were today assigned to accompany General Pershing to France to act as orderlies.

ONLY MINOR FIGHTING ON THE BRITISH FRONT.

(International News Service.)
London, May 26.—Only minor fighting occurred on the British front during the night, the war office reported today. The British on the Arras line took advantage of the lull to strengthen their new positions along the Scarpe river.

AMUSEMENTS

THE CRISIS.

"The Crisis," with a full operatic score and martial effects will be flashed for the first time before a local audience by the Big Feature Rights Corporation at the Masonic theatre Tuesday and Wednesday, May 29 and 30 with two performances daily.

"The Crisis" is an elaborate photoplay, following closely the story in Winston Churchill's famous novel, and presented with full orchestra and elaborate sound effects. It has been the aim of William N. Sell, the producer, to emphasize the romance of the civil war, rather than the cruel horrors, and to present the political aspect in a fair, broad and impartial spirit, vigorously, but without offense to either North or South. The love story is told fully in the rich, romantic vein that has rendered Churchill's novel a welcome relief from the indelicate sex action of the day, and its thread runs through the entire length of the photodrama. The story connects directly with history, in that Lincoln is an essential character in the working out of the romance. It is he who brings the lovers together in the final episode.

Stirring incidents of the great war are momentarily flashed before the eye of the spectator, culminating in the battle of Vicksburg, fought by both land and water forces in detail. North and South embodied in the persons of the two lovers are finally reunited at Lincoln's bier.

Veterans Name Their Reunion Delegates

Camp Horace King, United Confederate Veterans, has named two delegates to the annual reunion of the veterans at Washington, and both will attend. The delegates are George F. Buchheit and J. W. Johnson, both of the Twin Cities.

The camp held a meeting last Wednesday night at the Decatur city hall, which was presided over by Dr. W. H. Long. Guests of the camp were Gen. T. B. Lampkin, commander of the Third brigade, Alabama division of veterans, and Col. E. C. Downs of Sheffield, adjutant general of the brigade. Plans for the reunion were discussed and much enthusiasm was aroused.

The Southern Railway's reunion special will pass through Decatur Sunday morning, June 3, at 6 o'clock. It is probable that several other Twin citizens will go on this train in addition to the two delegates.

Plot Discovered To Blow U. S. Radio Plant

(International News Service.)
Norfolk, Va., May 26.—Department of justice agents investigating the shooting of Frederick Rouch, a naval reserve guard at the Virginia Beach wireless station early this morning, believed this afternoon that they had discovered a plot to destroy the radio plant. Several suspects are under arrest.

John K. Edmunson Dies in Birmingham

News of the death late Thursday in Birmingham of John K. Edmunson, brother of W. B. Edmunson, of Albany, was received here yesterday. Surviving Mr. Edmunson are his wife, two sons, Harry and Lieut. John K. Edmunson, Jr., of the Texas cavalry; one daughter, Miss Edith Edmunson; two sisters, Mrs. R. B. Calloway, of Livingston, and Miss Kate Edmunson, of Nashville, and three nieces, Mrs. Frederick Davis, Mrs. J. Asa Rountree and Mrs. Graham Putnam, Jr., all of Birmingham.

"GAG" COMPROMISE MAY YET BE REJECTED.

(International News Service.)
Washington, May 26.—Opponents of censorship, after a survey of sentiment in both houses, today declared their confidence that the compromise "gag" provision written into the espionage bill yesterday by the conferees, was doomed to certain rejection. Even the friends of the measure admitted that the prospects for its adoption were anything but bright. The conference report will be brought up in the house next Thursday. The senate will await the house's disposition of the measure.

URGE VON HINDENBURG TO ASK FOR PEACE NOW.

(International News Service.)
Amsterdam, May 26.—Field Marshal Von Hindenburg is being bombarded with telegrams from members of the Pan-German league asking him to declare in favor of peace with annexation and indemnity, says a telegram from Berlin.

DR. R. M. TINNON DIES.

Dr. R. M. Tinnon died recently at his home at Herington, Kan., according to news received here today. He was the uncle of Mrs. Lula Preston Dillehay of the Twin Cities and married Miss Sarah J. Preston of Decatur in 1855. He was a noted Cumberland Presbyterian minister and formerly preached at Huntsville.

Next U-Boat Drive Is Being Predicted

(International News Service.)
London, May 26.—British naval experts today predicted a new drive by German submarines against allied shipping. The work of the American destroyers is arousing much enthusiastic comment. British naval officers say the men are keenly anxious to get at the Germans.

Public Is Warned Not To Litter Up City Cemetery

The Decatur Cemetery Association issued the following notice today:

We are using every effort and all the funds available to make this cemetery a thing of beauty, and we must insist that all persons assist us in every way possible, and to this end we call attention to the following:

We have recently purchased expensive machinery to keep the grass mowed closely, and these machines will be ruined if they are run into glass and other trash of like nature, and we are forced to protect the association from this trouble.

All lots are sold subject, forever, to certain rules and regulations and these rules and regulations are for your benefit and protection.

Therefore, according to said rules and regulations, all persons are notified that any and all kinds of glassware, porcelainware, chinaware, paper, shells, pasteboard or any other article that will make litter or trash, shall not be carried into this cemetery, or near the gates, for any use or purpose whatsoever.

Cans or vases made of metal are allowed places on graves for the reception of flowers, or plants, but are subject to being removed when they become unsightly.

Expressions From Prominent People

I have never witnessed a picture in my life that I was so enthused with from the start to finish—hardly a criticism that could be made.—J. E. T. Bowden, Mayor, Jacksonville, Fla.

This picture throughout has the magic touch and portrays strikingly the sentiments of the North and South. I cannot say enough for it—most powerful and beautiful picture I have seen.—J. Tandy Ellis, Adjutant General, State of Kentucky.

"Crisis" is big both as to historical romance—it deserves to rank with the highest grade productions of the screen.—Detroit Free Press
